Witchy Poo's Creations Presents:

" The Gathering—A Big Sleep Over "

Saturday & Sunday—24th & 25th September 2011.

We are deeply, deeply honoured to present "The Gathering-A Big Sleep Over".

"The time has come dear ones, to allow, to connect, to gather within the tribes of Oneness. The advocates, the teachers, the healers, the shamans, the voices of the land, are here to assist one another and our beloved GAIA.

"The Gathering" of the chosen ones, to embark in assisting the awakening of humanity. It brings us much joy as the chosen ones - remerge as one. The chosen ones are the people of your planet, each and everyone of you, that choose to assist in the healing of Mother Earth.

Come, we invite you into the age of new consciousness,... Stepping into the fifth dimension and beyond...

A journey of self discovery, a process of inter-connectiveness, a time of honouring thyselfes.

Soul to soul, truly opening up ones heart to connect with each other. Honouring oneself, honouring each other, honouring the land.

The merging & interlocking of energies, through, voice, sound, healing, meditation, nature, crystals, re-igniting, the flame from deep within, becoming present with the "WHO I AM"...."

We are honoured to present beautiful and gifted light workers, embracing the sacredness of the heart, the mind, the body & the soul.

Come take a walk with us, on our sacred land, enjoy the tranquillity, of 85 beautiful acres, sit with the nature spirits, the fairy folk, the plants, the animals, feel the whispers of the wind.

We have beautiful Teepee/Tepees that will be utilised throughout the day, embarking on sacred journeys, sound and vibration. We have the opportunity, to have a SLEEP OVER, in them to further enhance your experience, or bring your own tent or campervan.

We invite you to enjoy two beautiful days and night with your fellow brothers and sisters...

Come walk with us....

Love & Light Jane.

CATHY WOOD—A SPIRITUAL TANTRA TEACHER & FOUNDER OF THE SANCTUARY OF TANTRA WA

Cathy will talk to us about understanding & the truth about the World's most sacred practice. The true form of Tantra has nothing to do with sex as you know it today, rather it is a spiritual practice of elevating your levels of consciousness into higher levels of oneness with the Universal Life Force energy. There are many aspects to Tantric practice and Tantric Sex is one component only. It is about experiencing the sexual energy & it is important to understand we are not "sexual beings" we are in fact "spiritual beings" experiencing sexual energy.

Tantra incorporates a holistic approach to relationships & sexuality. The art of Tantra is a beautiful way to connect with yourself & your partner on all levels—spiritually, emotionally & physically—to build more intimacy & closeness & understanding of self. Tantra encompasses love, touch, pleasure, trust, closeness, nurturing, acceptance, communication, giving & receiving—all the essential ingredients to a lasting & fulfilling life.

We at One Tribe strive to build a bridge back to those times—providing opportunities for people and business to heal and transform.
